ELLINGER & FOOTE'S great moral exhibition, at Odd Fellows' Hall, continues to attract crowds. To-night there will be new songs, quartettes, and trios, and new instrumental music, besides fairy plays and dances by Com. Foote, Miss Eliza Nestel, and Col. Small, the smallest people in the world. Visitors here get their money's worth of tun and pleasure.

FORD'S THEATER.-The Florences will ap. ear to-night again in three amusing plays, Brougham's drama, "The Irish Emigrant;" the Protean farce of "The Young Actress;" and the burletta of the "Irish Mormon." They will be supported by a splendid company of male and female performers, and visitors will be

most agreeably entertained. FRUIT FESTIVAL .- The festival of the ladies of the Methodist Protestant Church opened last night at Union League Rooms. There was a good attendance, and the ladies in attendance did all in their power to please their visitors.

TRUSTEES OF PUBLIC SCHOOLS .- An adjeurned meeting of the Board of Trustees of Public Schools was held yesterday afternoon in the Alderman's Chamber, City Hall, Mayor Wallach in the chair.

Mr. Miller, from the committee on text books. reported in favor of the adoption of Hilliard's Reader in place of those now in use, and their introduction into all the public schools of this Also, that the new edition of "Lossing's His-

tory of the United States" be substituted in the place of Quackenboss and the "First Lessons," now in use. That "Lippincott's Pronouncing Gazetteer of the World" be placed as a book of reference

on the desks of the several grammar school teachers. That "Mason's Manual of Gymnastic Exercises" be placed on the desk of every teacher, and that the daily practice of some of the phys-

ical exercises there recommended and exemplified be encouraged and promoted by every proper means. That the "Song Garden," by Lowell Mason, be substituted as the text book of vocal music for the "Concordia" in the intermediate schools; and that the "Nightingale," by W. O. and H

S. Perkins, be substituted for the "Golden Wreath" in the secondary schools. The committee also believe that a better opportunity would be afforded for testing the practical utility of certain maps, apparatus and articles of school furniture, sought to be introduced if an opportunity were afforded, to place such articles for a time in some school for that purpose, and therefore propose the adoption of the following resolution : Resolved, That the committee on Text-Books

be authorized to introduce into any appropriate school such maps, apparatus and school furniture as the proprietors or inventors may seek to introduce, for the purpose of fully testing the practical utility of the same. The report was adopted with the exception

of that part proposing a change in music books, which subject was referred to the committee on vocal music. Mr. Miller stated that the books now in use had been literally sung out, and the children wanted something new, while Mr. Wight, Mr. Hitz and others held that it was better to learn a few pieces well than to ramble over several

books and not at least get a proper education into the elements of music. On motion of Mr. Miller, it was Resolved, That the Committee on Text-Books be authorized to make all necessary arrange. ments for the introduction of "Lippincott's Pronouncing Gazetteer" and of "Mason's

Manual of Gymnastic exercises" into the respective schools. In view of the opening of the schools on Monday next, Mr. Wilson proposed the following for the government of teachers as to the opening. The circular was adopted and 100 copies

were ordered to be printed: To the Teachers of the Public Schools:—At the opening of the public schools, on the 5th of September next, the following regulations will be observed:

1st. All pupils whose names were on the rolls at the close of the preceding year will be considered as continuing their connection with the schools, and be admitted without tickets, provided they present themselves, or are represented by their parents or friends, by noon on the first day of the session. 2d. In all other cases pupils will be required

to obtain tickets prior to their admission to the schools. 3d. In all cases where transfers are made, the names of the pupils transferred must be entered on the roll of the school from which they are transferred, and transfer tickets, signed by the

teacher and approved by a trustee, must be given to the papils. 4th. The permanent roll cannot be made up until after the end of the fourth day of the session, and then it should be made up in accordance with the directions laid down in the Mannal, page 67, section 5.

5th. Hilliard's Readers have been substituted for Parker and Watson's, and all pupils having books of the latter series, suitable for use in the schools to which they belong, will be permitted to exchange the same for a new book of the series to be used, by paying the following amounts:

For "Hilliard's Sixth Reader," twenty-five cents; "Hilliard's Fifth Reader," twenty cents, "Hilliard's Intermediate Reader," eighteen cents; "Hilliard's Fourth Reader," sixteen cents; "Hilliard's Third Primary Reader," fifteen cents; "Hilliard's Second Primary Reader," twelve cents; "Hilliard's First Pri-

mary Reader," six cents.
6th. Mr. Wm. Ballantyne is the authorized agent for the exchange of the Readers, and teachers should order from him the number of beoks required for their respective schools. 7th. The duty of superintending the exchange devolves upon the teachers, and they are requested to take care that the old books exchanged are not too much torn and defaced. but in such a condition as to be actually fit for

use in the schools during the year, as otherwise, no exchange is to be made. 8th. All pupils having no books of the series used the last year, suitable for use in the school which they attend, will be required to purchase new ones at the regular retail prices. The time for exchange will continue from the 5th to the 30th of September.

A resolution was adopted authorizing the purchase of 70 cepies of the manual of gymnastics for the use of the schools.

GEORGETOWN COUNCILS.—In obedience to a call of the Mayor, the Georgetown Councils assembled last night in the custom-house. In the Board of Aldermen, the President (Mr. Cox) read a communication from Wm. Laird, Clerk of the Corporation, asking authority to distribute money now in his hands for school purposes, according to the acts of Congress approved May 21, 1862, and June 25,

In accordance with the request, Mr. Cox presented a resolution delegating power to the Clerk to distribute money appropriated for school purposes, and to carry out the acts of Congress in relation to public schools. Passed. A resolution was passed authorizing the Clerk of the Corporation to pay to the Georgetown Gas Light Company the amount of the Government tax of 20 per cent. per 1,000 feet, as added to their monthly bill for gas furnished the corporation.

The President laid before the board a communication from the Mayor asking an appropriation of \$100 for each policeman of the town, to enable them to enter into a scheme to avoid the draft. Laid over.

Mr. Cox also laid before the Board a communication from the Corporation Clerk, in relation to the collection of market rents, and suggesting the abolishing of the monthly rents and affixing in its stead a price or license, as the Boards of Aldermen and Common Council may deem expedient.

A memorial from the butchers and others now occupying certain stands in the Warehouse, now used as a market house, was received, in which they decline to pay t of \$10 rent per bench per month, as per ordinance of the Corporation, but expressing a willingness to pay the sum of \$800 for the term of six months, for occupying the said Warehouse with their benches, as understood between the Market bonce Compilerioners and tween the Market-house Commissioners and

themselves. Laid over. A message was received from the Board of Common Council, proposing that when the two Boards adjourn it be until next Friday evening. Agreed to. The Council resolution making an appropri-

ation to repair a part of High street, near Road street, was concurred in; and the Board adjourned.

Common Council.-The President laid before the Board the receipts and expenditures of the poor and workhouse for the quarter ending June 30th, 1864; the bills of John Oldfield & Bro. for repair of pumps; the Mayor's comof \$100 for each of the Georgetown policemen, to enable them to join the association to insure against the draft; t communication from the Clerk of the Corporation, relative to the rents of market stands, and suggesting a plan for the collection of the rents hereafter; a communica tion of the S reet Commissioner, relative to the obstruction of the drainage of certain streets

by the street railway. Mr. Peck, from the market committee, reported bills for the drainage of the new mar ket, and for advertising.

Mr. Shoemaker presented a communication of W. C. Smith, Street Commissioner, relative to the paving of High street. Mr. Clements presented a communication

from the Georgetown butchers, who decline the payment of the assessed rent per month,

\$10 for stands in the temporary market, and proposing to pay \$800 which was agreed upon by themselves and the market committee, all which

THE DRAFT IN GEORGETOWN, D. C.

Mayor's Office, Georgetown. D. C., Aug. 27, 1854.
Those citizens of the town who are subject to the approaching draft to furnish soldiers for our army, and who desire to avoid that service, are invited to join in the following self-insuring scheme: scheme: Every citizen who is liable to be drafted can de-posit the sum of One Hundred Dollars in the Bank of Commerce. The whole sum so deposited will constitute a fund for the exclusive benefit of those of the depositors who may be drafted
The scheme will work thus: Should there be one hundred depositors, for instance, and only twenty of them be drafted, eighty would be protected from service by paying one hundred dollars each, while the whole ten thousand dollars would be distributed in sums of five hundred dollars each to

the twenty who were drafted. With that they could obtain substitutes or keep the money and go onid obtain substitutes or keep the money and go into service, at their own option.

Of course the real result will be so varied from the one here given as an illustration as to make it more or less beneficial to the drafted parties; but there is this absolute certainty about it: that every drafted man will get the whole of his money back with the almost sund certainty of more back, with the almost equal certainty of more than deuble that sum, and a probability of his receiving a sum of not less than five hundred dollars. In this scheme there can be no juggling, no precedence of favorite individuals, or tricks played off upon the unsuspecting. There will be but two well ascertained parties: those who escape the draft and lose their hundred dollars, and those who are drafted and get all the money deposited by the whole association.

Should this scheme fail of a faverable result, or work any particular hardship to one of the depositors, the subscriber has in view an adjunctive scheme which will afford the necessary relief without any additional costs to the association. For any further information apply to back, with the almost equal certainty of more
